

SOUTH CAROLINA BOARD OF DENTISTRY
POLICY

SUBGINGIVAL THERAPEUTIC CHEMICALS

Pursuant to S.C. Code Ann. Section 40-15-80 and Regs. 39-12; 39-13 and 39-14

Licensed Dental Hygienists are authorized to place Subgingival Therapeutic Chemicals (i.e., Actisite, Perio chip, Atridox, etc.) at the direction and under the direct supervision of a practicing, licensed dentist upon completion of a minimum one-hour training session as recommended by the manufacturer.

Dental assistants and expanded duty dental assistants are **not** authorized to place Subgingival Therapeutic Chemicals. (policy revised 10/31/08)

Approved by the Board: October 31, 2008
